Subject: 30 Hour Cricket Basic Skills Program

Respected Madam,

As suggested by the IQAC, we plan to conduct a 30-hour skill development program for the Physical Education. Kindly allow us to invite a resource person. The course shall be conducted during college hours. Kindly grant us permission to do so.

Thanking You,

16.1.2022

Yours sincerely,

Hanish Guretia

Course: 30-Hour Cricket Basic Skills Program (One Week)

by Resource Person- Mr. Yadvinder Mehta (Cricket Coach)

Day 1: Batting Techniques (5 hours)

- Stance
- Head Positioning
- Balance

Day 2: Bowling Techniques (5 hours)

- Grip
- Run up
- Release

Day 3: Batting Grip (5 hours)

- Top Hand
- Bottom Hand

Day 4: Batting Guard (5 hours)

- Middle Guard
- Off Stump Guard
- Leg Guard

Day 5: Fielding Techniques (5 hours)

- Throwing
- Catching
- Sliding and Diving
- Positioning
- Backing UP

Day 6: Drills (5 hours)

- Net Practice
- Shadow Batting
- Fielding Circles

Course Coordinator

Purpose:

If there is a cricket basic 30-hour course, it would likely be designed to provide participants with a fundamental understanding of the sport of cricket. Cricket is a complex and strategic game with various rules, skills, and techniques involved. A basic course like this might cover the following topics:

1. **Rules and Regulations:** Introduction to the rules and regulations of cricket, including the roles of different players, scoring, different formats of the game (Test, One Day International, T20), and basic laws of the game.
2. **Equipment and Attire:** Understanding the equipment used in cricket such as bats, balls, protective gear, and clothing. Learning how to properly wear and use this equipment.
3. **Basic Skills:** Developing foundational skills required to play cricket, such as batting, bowling, fielding, and wicket-keeping. Participants might learn the proper techniques for these skills.
4. **Field Positions:** Familiarization with the various fielding positions and their roles on the field.
5. **Team Dynamics:** Exploring the importance of teamwork, communication, and strategy within a cricket team.
6. **Fitness and Conditioning:** An overview of the physical fitness requirements for cricket players and basic conditioning exercises to enhance performance and prevent injuries.
7. **Match Formats:** Understanding the differences between different formats of the game (Test, ODI, T20) and their unique characteristics.
8. **Introduction to Strategy:** An introduction to basic cricket strategies such as field placements, bowling tactics, and batting approaches.
9. **Gameplay Analysis:** Basic analysis of match situations, player performances, and common tactics used in cricket matches.
10. **Spirit of Cricket:** Emphasizing the importance of fair play, sportsmanship, and respecting the spirit of the game.

It's important to note that 30 hours might not be sufficient to become a proficient cricket player, but it could provide participants with a solid foundation to further their cricket journey. If this course exists, it could be aimed at beginners, enthusiasts, or individuals looking to get a basic understanding of the sport.

Course Coordinator

Outcome:

1. **Basic Understanding:** Participants should have a clear understanding of the rules, terminology, and fundamental concepts of cricket. They should be able to follow a cricket match, understand the scoring, and comprehend the roles of different players.
2. **Skills Development:** While 30 hours might not make someone an expert player, participants could develop basic skills in batting, bowling, fielding, and wicket-keeping. They should be able to perform these skills with a reasonable degree of competence.
3. **Confidence to Play:** Participants should feel more confident in their ability to join casual cricket games or practice sessions. They should be able to engage in basic gameplay without feeling completely lost.
4. **Proper Equipment Usage:** Participants should know how to handle cricket equipment correctly, such as selecting an appropriate bat size, wearing protective gear, and maintaining equipment.
5. **Understanding of Formats:** Participants should be able to differentiate between different formats of the game (Test, ODI, T20) and understand their distinct characteristics.
6. **Team Participation:** Participants should be able to take on specific roles within a cricket team, such as a batsman, bowler, or fielder. They should understand the basics of field placements and positions.
7. **Basic Strategy:** Participants might grasp simple strategic concepts, such as how to rotate the strike while batting, varying bowling techniques, and making effective fielding decisions.
8. **Fitness Awareness:** While not a comprehensive fitness program, participants might gain an awareness of the physical demands of cricket and some basic fitness routines to maintain their condition.
9. **Spirit of the Game:** Participants should understand the importance of fair play, respect for opponents, and adherence to the spirit of cricket.
10. **Further Interest:** The course might spark a deeper interest in cricket, prompting participants to explore the sport further through more advanced courses, regular practice, or even joining local cricket clubs.
